

# COVID-secure small Wedding package

22/02/2021

We understand that these are very unusual times, and so we have created a micro wedding package for those booking events before we move into Step 4 under the government 'Roadmap', in order to offer something intimate and special.

The Government restrictions on the size of your event are:

- From 2<sup>nd</sup> stage of Step 1 (hopefully **29 March**) – maximum 6 people including bride and groom for a ceremony but still no receptions
- From Step 2 (hopefully **12 April**) – maximum number of 15 people including the bride and groom for both ceremonies and receptions
- From Step 3 (hopefully **17 May**) – maximum number for ceremonies and receptions is increased to 30 including the bride and groom
- From Step 4 (hopefully **21 June**) – **No** legal limits depending on the outcome of the scientific Events Research Programme
