

# Lauderdale *House*

KS1 & KS2: Art - The Tudors (Lower Gallery)

Welcome to Lauderdale House. Did you know the House was built in 1582? This means it is a Tudor house. Richard and Dorcas Martin were the first people to live here. Richard was 'Master of the Mint' which meant he was in charge of all the money in England.

If you were in charge of all the money in England who's face would you put on it? Yours? Your cat's? Your favourite character? Design a new coin below - make sure to include a face!
