

Lauderdale *House*

KS1 & KS2: English - The Victorians (Long Gallery)

The Long Gallery was a hospital ward in Victorian times. Patients stayed here when they were ill to recover. They were given food, a bed and a doctor who visited them. Because Lauderdale House is on a big hill, people thought the air was cleaner, so it was very popular with patients. Imagine you are a patient at the hospital. Write a letter to a loved one, telling them how you feel about staying here and what is happening during your stay. Use the space below for your letter:
